For building purposes	The new grant is in addition to the present village site which is a. 3 3-22 and insufficient for further expansion. Population 188. No. of houses 60. Heads of cattle 671. The present village site is fully occupied by houses, cattle sheds, Pittals, Kanas & threshing floor and manure pits and although there is some vacant ground in the Southern part of the village site it is used as Kanas and the villagers have a prejudice against extending the village in the Southern direction. Besides the present site is about 3/4 th of a mile from the gardens of the village, the owners of which experience much difficulty in carting manure &c to such a great distance. The land now applied a. g. for measures 2.7 & forms part of unassessed gomtal land, situated very near to the gardens. Ten of the villagers wish to build farm houses, cattle sheds, store houses and also a few dwellings on the land applied for and the grant is recommended

Sir,

3 South-G account Branch
Nº 2040 on 8-6-91

Adverting to Government Proceedings Nº 12469-77, Cir: 259, I have the honor to submit herewith for sanction, a statement shewing the particulars of an application for Gomal land for cultivation in the village of Majjanahalli, Sravanabelagola Hobli, Cheneraya patna Taluk.

2. The land now applied for (Survey Nº 62) bore mazi Nº 10 of Kalligundi, a Bechirakki village adjoining Majjanahalli and was

in the occupation and enjoy-
ment of the applicant Narasimha
Bhutta till the Survey Settlement,
when it was allotted as one of
the Gomal lands for the Majjana
halli village. Narasimha Bhutta,
the original occupant and present
applicant, has ever since been
requesting the Superintendent of
Revenue Survey and the Revenue
authorities to grant him the land
for grazing purposes.

3. The villagers of Majjanahalli
object to the grant on the ground
that the land applied for is
studded with Shendi trees
affording shelter to the cattle
that graze there.

4. They also admit that they
were not grazing their cattle in

this land before the Survey
Settlement and that they have
been doing so, since it was allotted
to them as one of their Gomal lands.
5. The remaining Extent is sufficient
and is even far in Excess of the
legitimate requirements of the villagers.
The numbers surrounding the land
are under cultivation-
6. The Amildar recommends
the grant, reserving to Government
the Date trees standing on the land
and the number of such trees is
reported to be 150 trees and 250
plants.
7. Under these circumstances,
I request you will kindly accord
Sanction to the grant of the
land in favor of Narasimha
Bhatta for praying purposes
